

Family Backpacking 101: Moseley Trail Overnight (6 Miles, Ages 4+)

Saturday, September 5th at 11AM through Sunday, September 6th at 11AM

Backpack your way through dynamic habitats of Secor Metropark, connect to the Moseley Trail, and spend the night camping at the serene Wiregrass Lake. This is the perfect backpacking experience for young explorers and families. Top off your evening with a magical stand-up paddleboarding experience on Wiregrass Lake.

Attendance at the pre-trip informational meeting is required (Tuesday, September 1st, 6:30-7:30 PM, Oak Openings Lodge). Children are welcome. We will check and fit gear, talk about the trip, and answer any questions.

Ages: Adults and 4+

Fee: \$45 per guest (Includes dinner, breakfast, equipment rental, camping permits)

Meet at: Secor Metropark, Secor Center

- **What We Provide:** Adult backpacks, tents, sleeping bags, sleeping pads, stove and cook sets are available to borrow. Please specify gear needs in registration.
- **What You Bring:** 1 on-trail Lunch and any additional snack/food not provided. Pillow, personal hygiene items (toothbrush/meds), flashlight/headlamp, water bottle, and clothing suitable for the weather (avoid cotton!). See *Packing List* below.

We will be hiking up to 6 miles mostly on a smooth gravel trail with short distances on primitive dirt trails that may include rocks and roots. No backpacking experience necessary. All minors must be accompanied by an adult for the duration of the trip.

Metroparks staff can assist families with heavy items to be transported via Metroparks vehicle. All guests will be encouraged to carry their version of a backpacking pack. If families choose to do so, young explorers may carry their personal backpack with a water bottle and item(s) of their adult's preference.

During this overnight program, families have the option to stand up paddleboard at Wiregrass Lake. Children must be 8 or older to paddle a stand up paddleboard by themselves. Children 4 or older can ride as a passenger with an adult.

Backpacking 101 programs are low-cost programs intended to give new backpackers a safe and successful overnight experience.

This program runs rain or shine, sleeping in a tent during a rain shower is actually very soothing! Because of the coordination involved, 50% of the fee is a non-refundable deposit upon registration. If you need to cancel for any reason, please call Ashley Smith at 419-265-2920.

The following packet contains information and resources you need to prepare for the trip including the trip agenda, packing list, and food plan for the trip. Please feel free to reach out to your trip leader with any questions.

Jessica Duncan: 419-270-0498 or Jessica.Duncan@MetroparksToledo.com

Tentative Schedule

This is the plan, however, it is subject to change due to unforeseen circumstances.

Friday	<ul style="list-style-type: none">• 11:00 AM Arrive at Secor Metropark, Secor Center• Final pack adjustments• Hike ~3 miles in Secor Metropark and on Moseley Trail• Lunch• Setup Camp at Wiregrass Lake Metropark• Possible .25-.4 miles to campsite around the lake• Explore Wiregrass Lake• Optional stand up paddleboarding around 4:30-5:30PM• Prepare dinner, eat, evening share
Saturday	<ul style="list-style-type: none">• 7:30AM: Wake, break camp• Breakfast• Hit the trail• Hike ~3 miles back to the Secor Center• Arrive back around 11:00AM

Total mileage: 6.25 miles

Hike Profile

The terrain on this trek will primarily take place on a smooth gravel trail and other well-worn and maintained trails. No backpacking experience necessary; this trip is perfect for beginner backpackers.

Food Plan

Please eat breakfast before you arrive on Friday, so we can hit the trail promptly. Bring a filled refillable water bottle for the start of the hike.

Trail Food

Guests will need to bring some of their own food. Generally speaking you want to select food items that are calorie-dense and high in complex carbohydrates and protein. We will have no access to refrigeration or coolers on trail, so please avoid foods that will spoil. Avoid foods that will squish or crumble easily. No alcohol is permitted.

For the trek you will need to pack:

- 1 lunch-Friday
- Please pack any additional food and/or snacks outside what is provided.

We provide:

- Dinner - roasted hot dogs, chips, fruit, and s'mores. Vegetarian options available by request
- Breakfast - bagels, bananas, OJ, and coffee for the adults

Water: Plan to carry about 2 liters of water a day. Potable water will be available in camp, but there will be nowhere to refill water along the trail.

Meal Pro Tips: *In case you prefer to bring all your own food.*

- Pack trail snacks between breakfasts and dinners and to supplement meals. Food for a typical day on the trail usually involves breakfast, morning snack, lunch, afternoon snack, and dinner.
- We will take the time to boil water in the morning for coffee/tea/oatmeal/dehydrated meals, but please plan for a relatively quick breakfast. Lunch should be ready to eat and require no cooking. We'll have time to cook for dinner.
- Consider repackaging anything with a lot of packaging to save weight and space. Space is limited, so opt for lightweight, low-bulk foods. Calorie needs vary per person, but plan for somewhere between 2500-4000 calories per day.
- Many sources quote that backpackers usually carry 2 pounds of food per person per day. That is a ballpark number and not a hard fast rule, but if your food bag weighs more than 3-4 pounds you should consider more calorie-dense, lighter-weight foods.
- Many backpackers opt for lightweight freeze-dried meals. There are several brands to choose from, and meals can typically be found at Bass Pro, Cabela's, REI, Walmart, or online. Freeze-dried meals typically just require adding boiling water. Pre-packaged varieties usually come sized for 1 or 2 persons/servings, or you can purchase bulk canisters that you can control your own portions by portioning into freezer strength zip-lock bags. For those that do not wish to purchase freeze-dried meals please see the sample meals section below for other trail-friendly meal suggestions.
- For more information on meal planning please see REI's expert advice:
<https://www.rei.com/learn/expert-advice/planning-menu.html>

Sample Meals

Breakfast: select 1 or more, supplement with bars, trail mix, dried fruit, jerky etc.

- Cold cereal with dehydrated milk (add water at breakfast)
- Bagel or tortilla with peanut butter
- Instant oatmeal (two packs for most people)
- Tea, instant coffee, hot cocoa
- Dehydrated meals

Lunch: select 1 or more, supplement with bars, trail mix, dried fruit, jerky etc.

- Bagels or tortillas with peanut butter and jelly or honey or bagged sandwich
- Tuna or chicken packets with crackers

Dinner:

- Dehydrated or freeze-dried meals (Mountain House, Backpackers Pantry, etc.)
- Any combination of quick-cook pasta, dehydrated potatoes, instant rice, or pasta and rice sides with chicken or tuna packets, canned beans, or nuts for protein. For example:
 - Mac and cheese with chicken or tuna packets
 - Ramen noodles with chicken and instant mashed potatoes
 - Mexican rice with tortillas and chicken packets or beans
 - Thai noodles with peanuts and peanut butter

Snacks: Plan for a morning snack between breakfast and lunch, and an afternoon snack between lunch and dinner. Snacks also make good supplements to meals. Many people find they prefer to bring a mixture of both salty and sweet snacks. Popular snacks include: Goldfish, Cheez-its, crackers, jerky, granola bars/protein bars/energy bars, dehydrated fruit, trail mix, fruit snacks, teddy grahams, cookies, nuts.

Packing List

All items need to be packed in zip top bags or dry bags to keep them waterproof.

Backpack (adult sized, available to borrow)

- Internal frame pack (60-80 liters recommended)
- Pack Cover – waterproof nylon pack cover or extra 30 gallon trash bag (Metroparks packs come with pack covers if you are borrowing)

Sleep systems

- Tents (available to borrow)
- Packable sleeping bag (available to borrow) in stuff sack lined with 30 gallon trash bag. Sleeping bags should weigh less than 4 lbs and be made of down or synthetic down or be placed on the support vehicle. We do not want you to carry oversized “sleepover bags” that are bulky and heavy.
- Sleep pad (available to borrow)
- Inflatable pillow (optional) or stuff a jacket into a stuff sack

Clothing

- **NO COTTON, PLEASE. Cotton does not insulate if it gets wet. Choose synthetic materials such as nylon, polyester, spandex, or wool. Fleece is good.**
- 1 pair good hiking shoes/boots, well broken in.
- Camp shoes (optional but recommended to let feet breathe. Crocs, tennis shoes or sturdy sandals with a heel strap are good options)
- 2 pair of medium weight wool hiking socks.
- 1 set of clean underwear per day
- Hiking shirt and pants/shorts: 1 set, quick dry, non-cotton required- Wear this on arrival.
- Sleep Clothes – these are only for inside the tent. Depending on how cold or warm you sleep you may want a tee-shirt/shorts or long johns. Non-cotton.
- Packable rain gear, jackets and pants, such as Frogg Toggs. If you opt to use an emergency poncho, make sure to bring rain pants as well for your lower half.
- Wool sweater or down or fleece jacket (when paired with your rain suit this should be suitable for most weather conditions). No cotton jackets.
- Wicking base layer (tops/bottoms): Optional but recommended
- Hat, gloves, buff (optional)

Camp Kitchen

- Bowl/plate depending on what you are eating. Light-weight and not glass.
- Cup/measuring cup
- **Dinner and breakfast utensils and plates will be provided.**
- Food bag: bag to keep food items together for easy storage overnight
- 1 gallon zip top bag for garbage
- Cook kits (if applicable, available to borrow)
- Backpacking stove (if applicable, available to borrow)
- Food (see Food Plan for what is/isn't provided and for meal planning suggestions)

Miscellaneous

- Pocket knife or multi-tool (optional).
- Waterproof matches or lighter (a few cotton balls or small candle piece for fire starters.)(optional)
- Headlamp or lightweight flashlight and extra batteries
- Bandana/hankie
- Lip balm (with sunscreen recommended)
- Toothbrush and travel tube toothpaste
- Personal first aid items: Staff will have a full first aid kit, but we cannot administer medications. Please bring a personal supply of your pain reducer of choice in case of sore muscles, headache, etc. (a small supply of ibuprofen, antacids such as Tums, Tylenol and aspirin should cover most inconveniences that may occur). Also include Band-Aids, antiseptic wipes, and a foot care kit- Moleskin, foot powder.
- Sun protection: hat with brim, sunscreen, long sleeves, sunglasses
- Feminine hygiene items
- 2 large rubber bands (optional but helpful in compressing trash and other uses)
- 2 extra gallon size zip top plastic bags
- ½ roll toilet paper –Think of your own needs.
- Hand sanitizer or small bottle Dr. Bronner's soap (scent free if possible)
- Several yards of duct tape (wrap around a water bottle or hiking poles or keep a small spool in your first aid kit.)
- Repair kit: Needle and dental floss, repair kit for inflatable sleeping pads if applicable, stove repair kit if applicable
- Hiking poles, if desired (available to borrow)

Water

- Water bottles that add up to 2-3 liters.
- OR 1 bladder water system and at least one water bottle (for ease of drinking in camp/ when your pack is off). Together these should add up to 2-3 L.

Optional

- Camera Note pad/pencil Whistle Watch

Group gear

Group gear will be provided for you by Metroparks.

- Camp Suds for handwashing provided
- Group first aid kit provided (you still need to bring your own first aid basics listed above)
- Camp shovel/trowel provided

Frequently Asked Questions

1. What do I do with my trash on the trail? Will there be garbage cans?
 - a. We will pack in and pack out all trash and practice Leave No Trace on the trail. For an overview of Leave No Trace (LNT) outdoor ethics: <https://lnt.org/>
2. What if I am a beginner?
 - a. This is a beginner-friendly hike, no backpacking experience required! Our Backpacking 101 educational programs will also help prepare you.
 - b. Training in advance will be key to a fun and successful trek. Practice hiking with a weighted pack. Start with a light pack and low mileage, then slowly increase the weight in your pack and your mileage. Your pack weight for this trip will likely be 25-30 lbs. Use that as the end goal for your training.
3. What will camping be like?
 - a. We will be camping at an established campground at Wiregrass Lake Metropark. We will have stops to use the restroom at flushing toilets before we leave and a portable toilet at Wiregrass Lake. In between these, we will use a trowel/cat-hole system for bathroom purposes on the trail.
4. Not to get into the dirty details, but what does trowel/cat-hole system mean? How do we go #1 and #2 on the trail?
 - a. #1 should be aimed at rocks if possible. Animals are often attracted to the salts and minerals in urine will chew on bark – damaging trees. Using the rock also prevents eroding loose soils.
 - i. Used TP for drying purposes should be packed out.
 - ii. A “pee-dana” or bandana used for wiping #1 only is an excellent option. Keep on the outside of backpack for drying and UV sunlight sanitizing.
 - b. #2 needs to be buried in a cat-hole. We have trowels, but the waste does not touch this tool. Use a stick to push the waste in the hole if your aim is not true.
5. Ok, now that I know that, what if I am on my period?
 - a. Similarly, all products, before and after use, will need to go in your bear bag. You cannot bury any products. Multiple zip-top bags are recommended for this.
 - b. Please be prepared as several factors like tenting with others, altitude, or exertion can bring on a menstrual period even if it is not scheduled.
6. Why all the info? This is overwhelming.
 - a. None of this information is intended to scare off potential guests but it is very important to make sure you have a full understanding of this trek. Our hope is that you either have all the information you need or feel comfortable asking us the hard questions! We are very excited about the planning and execution of this trip and hope to fulfill some hiking dreams!

Going in the Woods

Please follow these simple steps when nature calls:

1. Find a spot at least 200 steps from any water source
2. Dig a hole 6-8 inches deep and bury human waste
3. Pack out used toilet paper

When people are not responsible going in the woods they contaminate the water you swim in, fish from, and drink. Bacteria and viruses found in human feces are known to cause hepatitis, blue baby syndrome, salmonella, giardia, and other gastro-intestinal diseases. Remember, the water in the rivers and lakes you visit may flow into your own drinking water supply.
