

Week 7 Virtual Camp Sampler

(Ages 13 and up)

MONDAY

A Maumee Kayaking Adventure: Your day starts at Providence Metropark as you kayak down the Maumee River. You are on a scouting trip to notice the plants and animals of Northwest Ohio Riverways. You must make it to Middlegrounds before it gets too dark to make it home!

TUESDAY

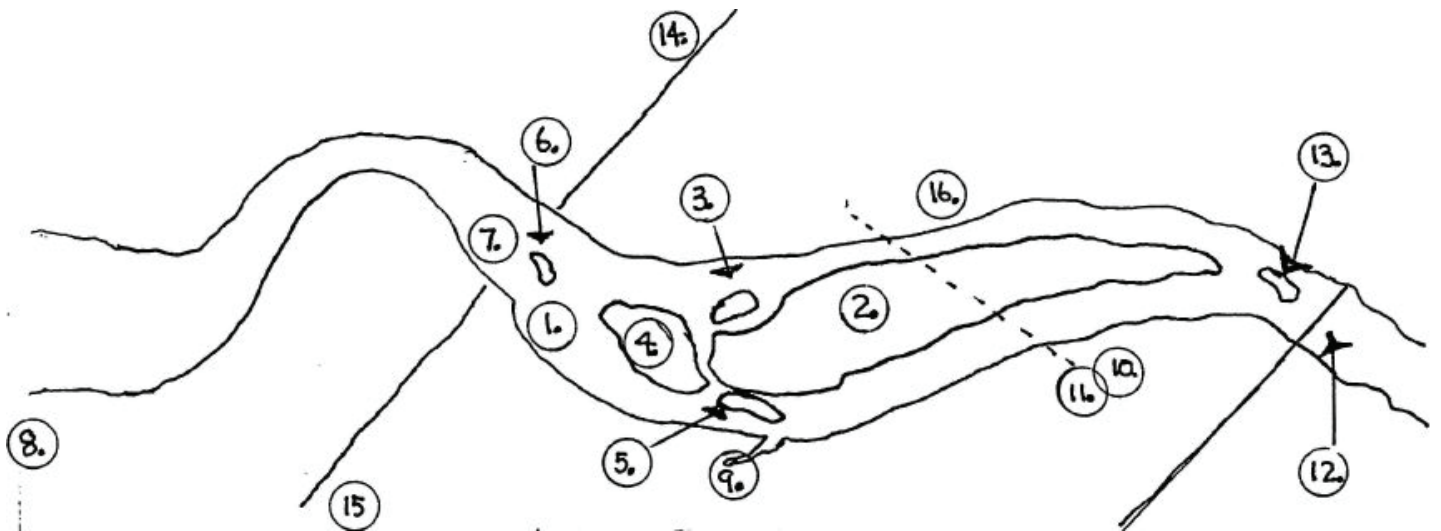

Hydropower: Water can be a very powerful force! Check out this video to see how the Isaac Ludwig Mill at Providence Metropark harnesses that energy to saw lumber and grind grain:

WEDNESDAY

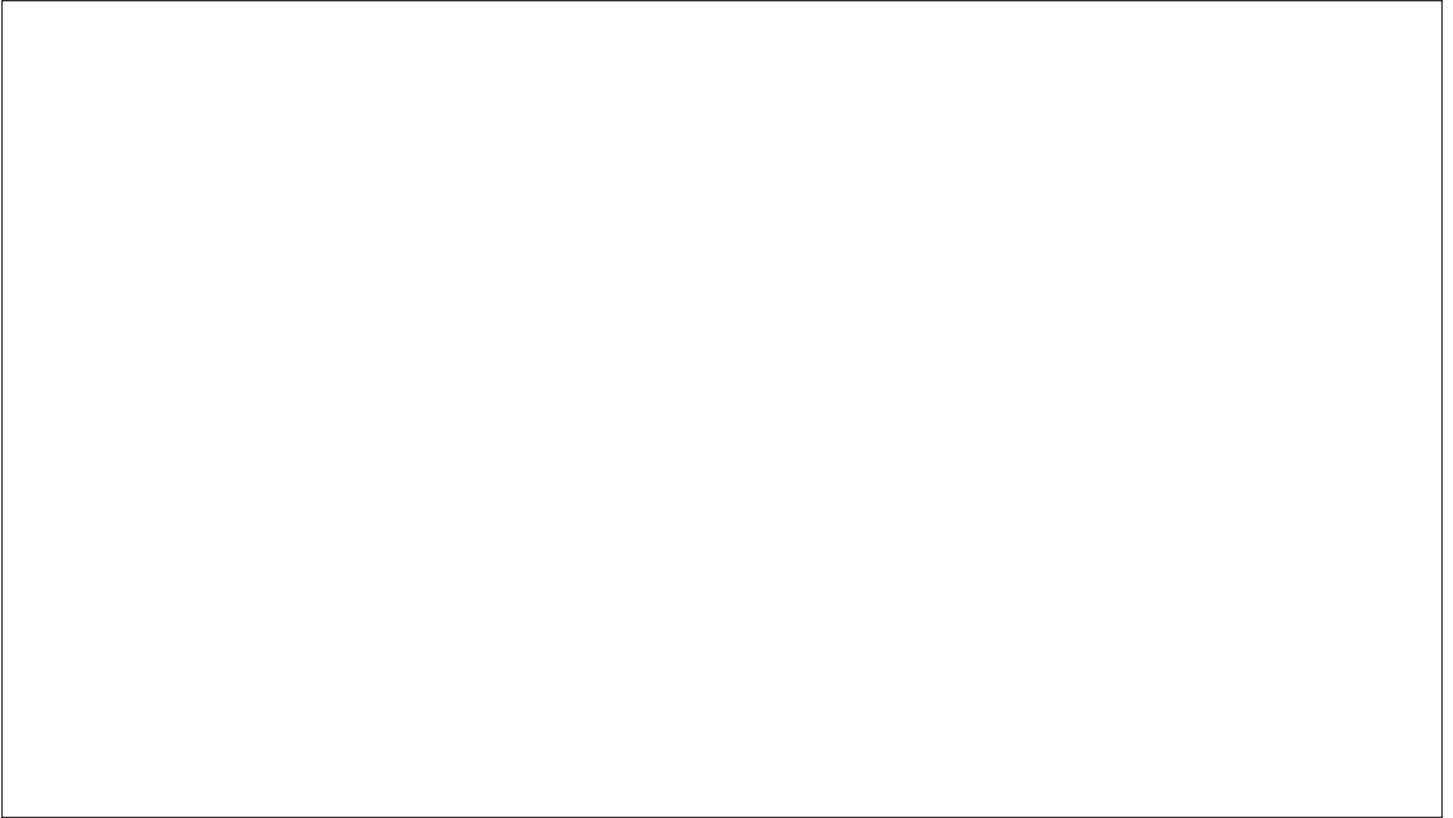

The Maumee River Water Trail: The Maumee River Water Trail stretches 107-miles from Maumee Bay and Lake Erie to the Ohio-Indiana border. The trail connects five Metroparks (Bend View, Farnsworth, Middlegrounds, Providence, and Side Cut). There are many scenic sites along the way. Using the internet see if you can identify all the features pictured below. Hint: This portion of the water trail map is at Farnsworth Metropark.

1. Maumee State Scenic River, 2. Missionary Island, 3. Butler Island, 4. Indian Island, 5. Grave Island, 6. Woodcock Island, 7. Weir Rapids, 8. Otsego Park, 9. Covered bridge over Tontogany Creek, 10. BG water intake, 11. High tension power lines, 12. Inter-urban Bridge, 13. Roche de Boeuf, 14. Noward Road, 15. Range Line Road, 16. Boat launch

THURSDAY

Nature Journal: Visit a waterway in Northwest Ohio (like the Maumee River). Use the space below or your nature journal to draw a picture of the landscape you see in front of you but don't lift your writing utensil from the paper as you draw.

FRIDAY

Bird Trivia: Rivers, like the Maumee River, are important migratory flyways for birds. How much do you know about our feathered friends?

True or False: All birds have two wings?

True or False: Birds have poor eyesight?

True or False: All birds have heartbeats much slower than humans, usually about 20-30 beats per minute.

What term is used to describe birds smoothing and straightening their feathers with their beak?

True or False: Birds belong to the large group of animals called vertebrates.
