

Week 7 Virtual Camp Sampler

(Ages 3-4)

MONDAY

Fish Puzzle:

Fish Puzzle

Directions: Make a copy of the puzzle above for each child. Make it a "puzzle" by cutting the pieces out for them. Let children "fish" for the pieces to complete their puzzles. Allow children to glue their puzzles to construction paper if they wish. Encourage them to add habitat components (food and shelter) for their fish.

Growing Up WILD: Exploring Nature with Young Children © 2012 Council for Environmental Education

TUESDAY

Water Art: Create a water masterpiece outside.

Materials: container with water, different sized paint brushes. A great spot to do your water painting can be your driveway, a cement patio or even a cardboard box. Dip the paintbrushes in water and draw designs, write your name or draw pictures of the things you see around you. Once the water dries you can draw in that spot again.

WEDNESDAY

We need Water: Water is in our bodies. Sing this song to the tune of "Do Your Ears Hang Low"

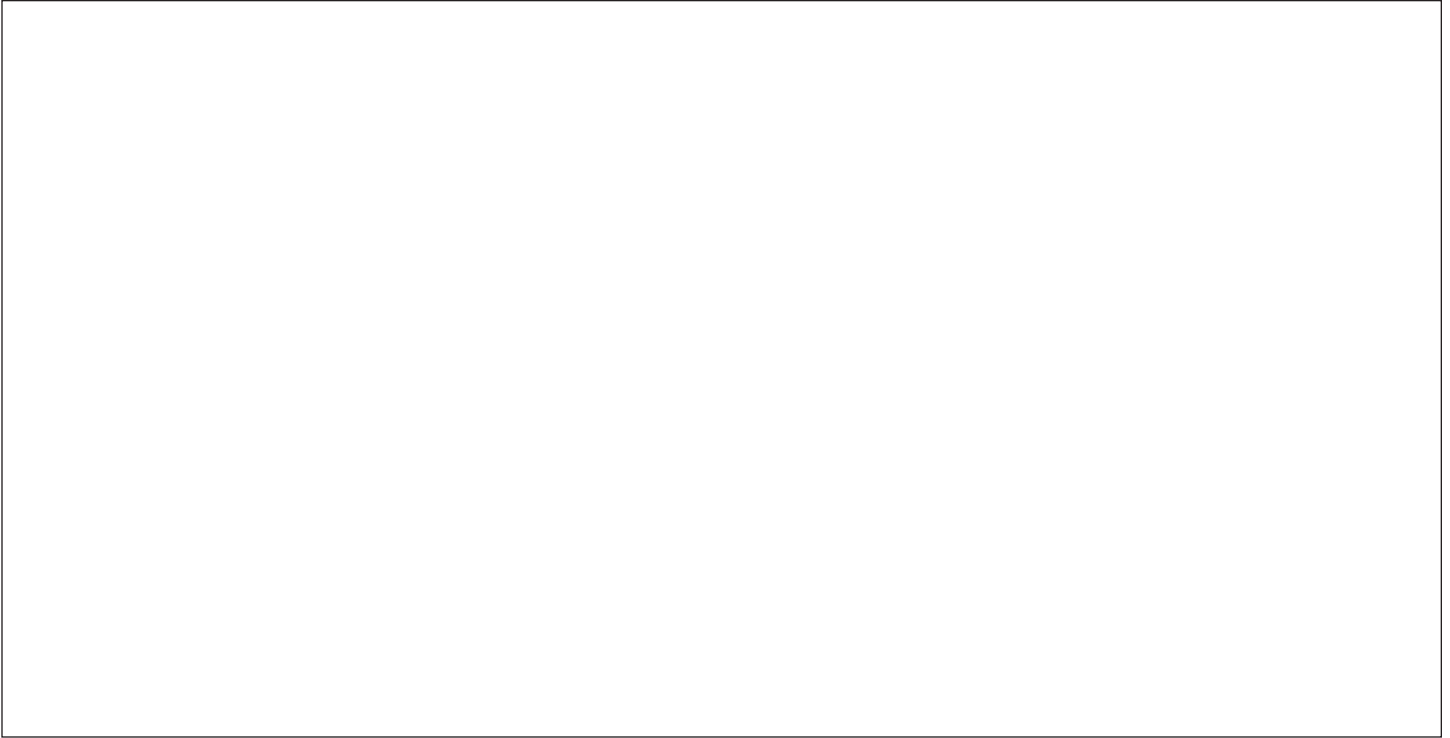

Do you sweat when hot (wipe brow)
Does water cool you off (pretend to drink water)
Do you breathe very hard (pant)
After playing in the yard (run in place)
You need water in your body
If you're gonna run and play (run in place)
Drink water. Every. Day! (pretend to drink water)

lyrics from Getting Little Feet Wet educators guide

THURSDAY

Nature Journal: Fish will swim together in a group called a school for protection. In your nature journal or in the space below draw a school of fish. How many fish are in your school?

FRIDAY

Canal Boat Coloring Page: Draw yourself riding in the canal boat, “The Volunteer,” at Providence Metropark.
