

Week 7 Virtual Camp Sampler

(Ages 5-7)

MONDAY

Virtual Escape Room, Water Habitat Scramble: There has been a mix-up in animals' habitats. Animals are living in the water that do not belong! Help the scientists solve these clues and sort out the correct habitat for these animals. Hurry...some of those birds don't know how to swim!

TUESDAY

Hydropower: Water can be a very powerful force! Check out this video to see how the Isaac Ludwig Mill at Providence Metropark harnesses that energy to saw lumber and grind grain:

<https://www.youtube.com/watch?v=LBw7FBFlcBA&feature=youtu.be>

WEDNESDAY

Camp Song Fun: Generating water power at the mill is a little like a Rube Goldberg machine. Sing along with this fun camp song that has you adding in more and more motions to keep the button factory running!

<https://youtu.be/OgUboPNBzjl>

THURSDAY

Nature Journal: Imagine you are a fish living in the Maumee River. Write or draw in your nature journal or the space below a diary entry for what your day might be like. What do you eat, where do you live or hide, who else do you see during your day?

FRIDAY

Bird Scavenger Hunt: The Maumee River is an important flyway for migrating birds. Search for birds displaying the common behaviors below. See if you can find them all.

Flocking

Bathing in Water or Dust

Feeding

Chiseling

Wading

Preening

Singing

Nesting

Flying
