

# Week 8 Virtual Camp Sampler

(Ages 8-12)

**METROPARKS  
TOLEDO**

## MONDAY

**The Oak Openings Region:** Check out this video from our friends at The Nature Conservancy to learn more about the globally rare Oak Openings Region of Northwest Ohio.

<https://youtu.be/6DKlgitJk7I>

## TUESDAY

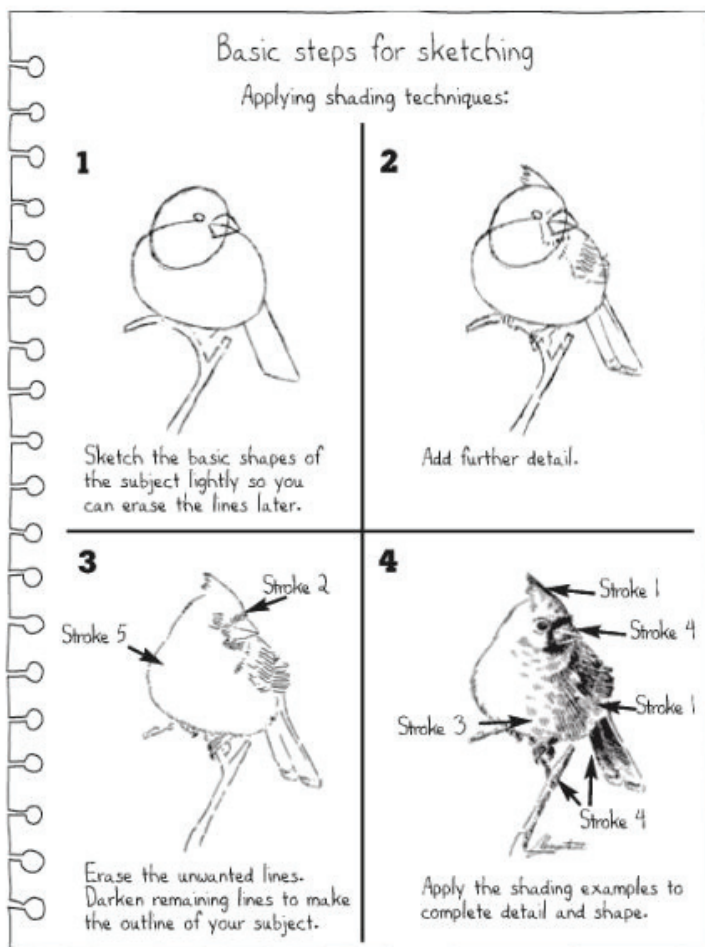

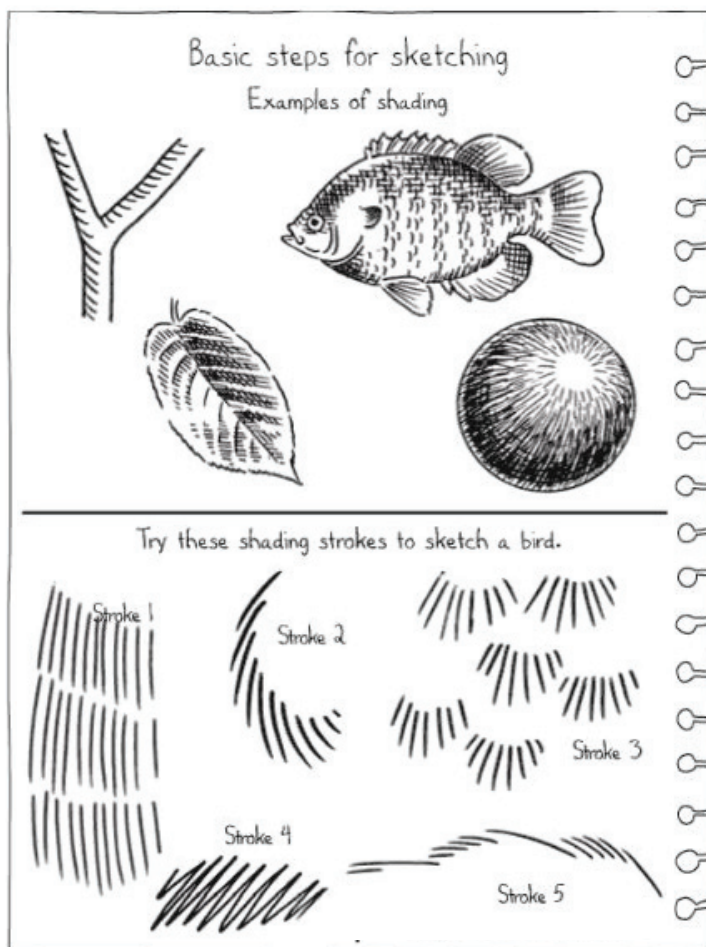

**Box Turtle!** The Eastern box turtle is Ohio's most terrestrial turtle. Aside from the loss of habitat, a significant threat to Ohio's Box turtles is the danger they face when crossing the road. Check out the video below to learn more about Lefty the box turtle who makes its home at Nature's Nursery.

<https://youtu.be/sLwVjcoOu4I>

## WEDNESDAY

**That's a Career:** Do you like art? Did you know that a career option for you could be that of a wildlife artist? Use a pencil and try some of these sketching techniques from our friends at Texas Parks and Wildlife.

## THURSDAY

**Butterfly Habitats:** Use the internet to research the habitat requirements of the Karner Blue Butterfly, a federally endangered insect of the Oak Openings Region. Think about how this area may have looked different 200 year ago. Record some thoughts in your nature journal or in the space below.

## FRIDAY

**Oak Openings Word Search:** See if you can find and circle all of the endangered, threatened and species of concern found in the Oak Openings Region in the word search below:
