Plan and Request for Deer Damage Control Permit submitted to the Div. of Wildlife on 11/21/2022. No more than 25% of deer taken under this permit may be antlered. The Div. of Wildlife may request collection of disease samples at a later date, based on need. There are no restrictions on shooting times and use is allowed during all deer gun and muzzleloader seasons.**

TS
(Initials) I acknowledge that if I am not the landowner, I must have written permission from the landowner prior to utilizing this permit to conduct control activities on the listed property(ies).

TS
(Initials) I certify that I have read and understood all of the rules and conditions for the use of this permit listed on the front and back of this permit. Further, I understand that any failure to comply with all of the provisions of this permit will result in its immediate revocation and that any misuse of this permit will result in prosecution. I also understand that this permit does not supersede, and I must adhere to, any local laws, rules, or ordinances that pertain to the properties where this permit will be utilized.

TS
(Initials) I certify that all statements made by me in this application are true and correct to the best of my knowledge, information, and belief and that I understand that knowingly and willfully providing false information and applying for this permit/license is a violation of Section 2921.13 of the Ohio Revised Code for which I am subject to arrest.

PERMIT CONDITIONS

1. The permittee will be responsible for providing a copy of this permit to all shooters. Shooters must possess a copy of this permit and, if required, a valid hunting license when operating under authority of this permit.
2. This permit may be utilized from sunrise to midnight unless otherwise noted in the special conditions section of this permit.
3. This permit may NOT be utilized during any open deer gun season unless otherwise noted in the special conditions section of this permit.
4. The permit does NOT allow shooting from a motor vehicle contrary to ORC 2923.16.
5. The permittee shall attempt to make arrangements for deer killed to be consumed or used as the person issuing the permit directs. All deer not given away, kept by the permittee/landowner/listed shooter must be disposed of pursuant to ORC 941.14. Deer or parts (excluding antlers) thereof given to anyone must be accompanied with a copy of the Deer Damage Carcass Tag.
6. Prior to moving a deer killed under this permit, the shooter shall either create a Deer Damage Carcass tag for each deer killed or report the deer online as stated on page 3 of this permit. No shooter shall leave a deer carcass unattended unless the completed Deer Damage Carcass tag or Deer Damage Permanent Tag number is attached to the carcass. The completed Deer Damage Carcass tag or Deer Damage Permanent Tag number shall remain on the carcass until final disposition. You MUST check the deer in using one of the methods described on page 3 of this permit within 5 business days of the deer being killed.
7. All antlers must be removed from each antlered deer killed under the authority of this permit within 24 hours of the deer being killed and destroyed or buried within seven days of the deer being killed. Under no circumstances may antlers from a deer killed under authority of this permit be possessed by anyone after being destroyed or buried.
8. Pursuant to OAC 1501:31-15-08 this permit is subject to revocation if the permittee and/or a shooter violates any of the listed conditions of this permit or an investigation by the Division of Wildlife determines a violation of ORC 1533.171 has occurred.
9. The permittee understands that the Division of Wildlife will provide the names of Deer Damage Control Permit holders to anyone upon request per ORC 149.43.
10. In granting this Deer Damage Control Permit, the Ohio Department of Natural Resources, Division of Wildlife authorizes the permittee and/or permittee's agent(s) to shoot deer in order to reduce the effects of damage inflicted upon the permit holder's crops and/or property. The State of Ohio, Department of Natural Resources does not limit the scope of shooting activities allowed unless expressly prohibited and/or regulated by the stated "Conditions" of this permit, nor does it warrant any shooting activity conducted by the permittee and/or permittee's agent(s) to be safe, legal and applicable for the circumstances and/or locality for which this permit was issued.

By accepting this permit, the permittee and/or permittee's agent(s) assumes full responsibility for conducting all shooting activities in a safe, legal and responsible manner and agrees to indemnify and hold harmless the State of Ohio-Department of Natural Resources, it's employees, officers, and agents from all liability associated with personal injury and/or property damage, loss and expense, including, but not limited to, damages, legal expenses and cost of defense, in any matter arising from the permittee's shooting activities.
